9th ADVANCES AGAINST **ASPERGILLOSIS AND MUCORMYCOSIS**

Lugano, Switzerland

27 – 29 February 2020

Palazzo dei Congressi Lugano

For more information please visit
www.AAAM2020.org

Meeting Goals

- Assemble the world's leading clinicians and scientists to advance the scientific and medical research agenda in *Aspergillus*, aspergillosis, and mucormycosis
- Present the very latest advances and thoughts on aspergillosis and mucormycosis from speakers who are actively advancing the field with new discoveries
- Engender collaborative relationships amongst clinicians, scientists, as well as industry to further advance the field

Who Should Attend

Infectious Disease Specialists
Mycologists
Haematologist/Oncologists
Transplantation Specialists
Clinical Microbiologists
Molecular Biologists
Environmental/Facility Specialists
Public Health Specialists

Immunologists
Basic Scientists
Geneticists
Pharmacists
Allergists
Epidemiologists
Chest Physicians
Veterinarians

Programme Content:

Lectures (a mixture of invited talks and those highly selected from submitted abstracts) will cover the following areas:

- Basic aspects (molecular, physiology)
- Pathogenesis and virulence
- Epidemiology
- Immunology and allergy
- Diagnosis
- Clinical presentations and at-risk populations
- Therapy

Sessions including:

- Special morning 'Meet the Professor' sessions
- *Aspergillus*: Modelling the host and beyond
- Management for the next decade
- Airways and diseases
- *Aspergillus*: Entering the host and beyond
- Emerging *Aspergilli*
- *Aspergillus* & the hosts' challenge
- Resistance in *Aspergillus*
- Molecular mechanisms
- Mucormycosis update
- *Aspergillus*-related diseases: clinical hot spots
- Poster sessions

Co-Organizers

David W. Denning, MBBS / University of Manchester, UK

William J. Steinbach, MD / Duke University, USA

David A. Stevens, MD / Stanford University, USA

Scientific Committee

Elaine Bignell, PhD / University of Manchester, UK

Oliver Cornely, MD / University of Cologne, Germany

David B. Corry, MD / Baylor College of Medicine, Houston, USA

Hubertus Haas, PhD / Innsbruck Medical University, Austria

Nina Khanna, MD / University Hospital Basel, Switzerland

Frederic Lamoth, MD / Lausanne University Hospital, Switzerland

Cornelia Lass-Flörl, MD PhD (Chair) / Innsbruck Medical University, Austria

Yoshitsugu Miyazaki, MD PhD / National Institute of Infectious Diseases, Tokyo, Japan

Richard B. Moss, MD / Stanford University, USA

Teresa Zelante, PhD / University of Perugia, Italy

Li-Ping Zhu, PhD / Fudan University, China

Accreditation

CPD/CME will be applied for through the UK Royal College of Physicians

9th ADVANCES AGAINST ASPERGILLOSIS AND MUCORMYCOSIS

27 – 29 February 2020

www.AAAM2020.org

Scholarships Deadline: 31st October 2019

We will again offer scholarships to individuals requiring financial assistance, with preference given to those in training and applicants from developing countries. Scholarship applicants MUST also submit an abstract before 31st October 2019.

Visit www.AAAM2020.org for further scholarship information.

Abstract Submission Deadline:

15th November 2019

Online abstract submissions are now open.

Visit www.AAAM2020.org for further abstract submission information.

Venue Information

Palazzo dei Congressi Lugano, Lugano, Switzerland

Lugano is extremely easy to reach by means of both public and private transportation. It has a very convenient regional airport with direct connections. Furthermore, the international airport of Milano-Malpensa is located at only 60 km from Lugano and is served by means of a coach service.

Travel advice can be found at <http://www.luganoconventions.com/en/23/our-location.aspx>

Lugano, the largest town in the region of Ticino, is not only Switzerland's third most important financial centre and a conference, banking and business centre, but also a town of parks and flowers, villas and sacred buildings. With Mediterranean flair, Lugano offers all the advantages of a world-class city, combined with the cachet of a small town.
