  9. Exhaled SARS-CoV-2 viral load kinetics measured by facemask sampling and its association with household transmission – a longitudinal cohort study. Daniel Pan et al. University of Leicester, Leicester
  10. Lessons Learned from COVID Outbreaks in Prisons in the North East of England, 2020. Hannah Jary et al. Health Protection Team (North East), UK Health Security Agency, Newcastle
  11. Is confirmatory testing with penicillin gradient test strips necessary for cases of streptococcal infective endocarditis in the age of automated susceptibility testing (AST)? Timothy Jones et al. Oxford University Hospitals, Oxford
- 

15-35 to 15-55 *Coffee, sponsors tables and networking*

---

15-55 to 16-25 **Chasing Rainbows with Barnett Christie**

**Prof Sunil Shaunak**, Emeritus Professor of Infectious Diseases, Imperial College London.

*Chair & discussant – Dr Chris Chiu (London)*

---

16-30 to 16-45 **Monkeypox Update**

Dr Meera Chand, UK Health Security Agency

---

16-40 to 17-15 **Clinical Papers (x 3 10 minutes each)**

*Chairs & discussants – Dr David Partridge (Sheffield)*

- A. Give a man a fish and he'll eat for a day. Teach a man to fish and he might develop respiratory distress. Ali Hasnain Gulamhussein. Sandwell and West Birmingham Hospitals NHS Trust, Birmingham
- B. An uncommon complication of a common infection. Mehaab Jaffer et al. University Hospital Monklands, Glasgow
- C. A sweet smelling rose or something fishier afoot? Sinead McKiernan et al. Leeds Teaching Hospitals NHS Trust, Leeds

---

17-15 to 17-20 **Close of proceedings**

*Prof Katie Jeffery, BIA President*

---

**Selected Poster Presentations:**

1. Viridans group streptococcal bacteraemia: species specific infection association, a 5 year retrospective cohort analysis. Stuart Gallacher et al. NHS Greater Glasgow and Clyde, Glasgow
2. Tuberculosis-associated immune reconstitution inflammatory syndrome management. Diana David et al. University of Warwick, Coventry
3. A case of recurrent meningitis: establishing the (w)hole picture... Aakash Khanijau. University of Liverpool, Liverpool
4. 'A mouthful keeps you going for half a day'. Stewart Crowe et al. Ealing Hospital, London
5. Differences in physiological / metabolic parameters and mortality between people who inject drugs (PWID) and non PWID, with Staphylococcus aureus blood stream infection; A retrospective case note review. Isabel Mortimer et al. Hull University Hospitals NHS Trust, Hull
6. HIV Electronic Patient Questionnaire: Benefits To The Annual Review Process. James Taylor et al. The University of Sheffield Medical School, Sheffield
7. Are Phase 1a and Phase 1b clinical trials of malaria vaccine candidates justified? Isaac Jarratt Barnham et al. University of Oxford, Oxford
8. Tissue is the issue – an unusual case of a mycotic aneurysm. Alexandra Bramley et al. Royal Free London NHS Foundation Trust, London
9. A curious case of chronic cough and complex partial seizures. Alastair Yeoh et al. Royal Liverpool Tropical and Infectious Diseases Unit, Liverpool
10. An unusual pathogen in post-operative discitis. Lilly Tian. NHS Tayside, Dundee
11. Insights into geographically targeted hepatitis B secondary prevention in the UK. Angus O'Ferrall et al. Hull University Teaching Hospitals NHS Trust, Hull
12. Nice Dog. Michael Wilson et al. University Hospitals Bristol and Weston NHS Foundation Trust, Bristol
13. Rituximab and Hepatitis B Screening Audit at a Tertiary Hospital. George Hills et al. University Hospitals of Leicester NHS Trust, Leicester
14. Unusual cause of prolonged fever in a recent traveller despite appropriate antibiotic treatment. Sahra Indayare et al. Leicester University Hospitals NHS Trust, Leicester
15. A fatal diagnosis in a Karachiite. Ramla Ghafoor et al. Aga Khan University Hospital, Karachi, Pakistan
16. Establishing the Covid Medicine Delivery Unit: Activity and Outcomes across Humber Coast and Vale. Katie Drury et al. Hull University Training Hospital, Hull
17. Experiences of using Paxlovid to treat clinically extremely vulnerable non-hospitalised patients with COVID-19. Joshua Gahir et al. University College London Hospital, London

18. Improving diabetic foot ulcer(DFU) management and outcomes in a North East London Hospital: A Quality Improvement Project(QIP). Amelia Benjamin et al. Barts Health NHS Trust, London
19. A no-brainer, or is it? Alison Burgess et al. North Bristol NHS Trust, Bristol
20. A Spiral of Nerves: Rare manifestation of a re-emerging infection. Ihsan Jibril et al. Sheffield Teaching Hospitals NHS Trust, Sheffield
21. Anti-S antibody responses in high-risk Covid patients eligible for Sotrovimab. Jasjot Saund et al. University College London Hospital, London
22. The clinical utility of microbiological culture and molecular testing of heart valves in surgically treated infective endocarditis. Philip House et al. Sheffield Teaching Hospitals NHS Foundation Trust, Sheffield
23. Misdiagnoses in the context of suspected pandemic influenza or COVID-19: A systematic review. Nicholas Easom et al. Hull University Teaching Hospitals, Hull
24. An unusual case of lung mass, bacteraemia and CNS disease in a renal transplant patient. Kashif Aziz et al. University Hospitals of Leicester NHS Trust, Leicester
