A much more interactive experience will be gained from attending this masterclass in person, however the hybrid format has been put in place for those in Scotland, Ireland or with extended travelling times.

Who should attend:

HCPs involved in the care of ALL patients who would like a better understanding of the patient pathway in CAR T, which patients to refer for CAR T cell therapy and the shared care afterwards.
Staff who are actively involved in CAR T procedures and would like to gain a better understanding of CAR T for ALL patients
